INDEPENDENT AUDITOR'S REPORT

To the Board of Education
Williamston Community Schools
Williamston, Michigan

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Williamston Community Schools as of and for the year ended June 30, 2006, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Williamston Community Schools' management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Williamston Community Schools as of June 30, 2006, and the respective changes in financial position, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated August 31, 2006 on our consideration of Williamston Community Schools' internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The administration's discussion and analysis and budgetary comparison information, as identified in the table of contents, is not a required part of the basic financial statements but is supplementary information required by the accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Williamston Community Schools' basic financial statements. The accompanying other supplementary information, as identified in the table of contents, is presented for the purpose of additional analysis and is not a required part of the basic financial statements. The other supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

August 31, 2006

This section of Williamston Community Schools' annual report presents our discussion and analysis of the School District's financial performance during the year ended June 30, 2006. Please read it in conjunction with the School District's financial statements, which immediately follow this section.

Williamston Community Schools, a K-12 school district located in Ingham County, Michigan, and presents its financial statements under the provisions of Governmental Accounting Standards Board Statement 34 (GASB 34). The Administration's Discussion and Analysis, a requirement of GASB 34, is intended to be the Williamston Community Schools' Administration's discussion and analysis of the financial results for the fiscal year ended June 30, 2006 with comparative information for June 30, 2005 in certain instances.

Using this Annual Report

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Williamston Community Schools financially as a whole. The *District-wide Financial Statements* provide information about the activities of the whole School District, presenting both an aggregate view of the School District's finances and longer-term view of the finances. The *Fund Financial Statements* provide the next level of detail. For governmental activities, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements look at the School District's operations in more detail than the district-wide financial statements by providing information about the School District's most significant funds - the General Fund and the 2006 Bond Project Fund individually, and the Special Revenue Funds and Debt Service Funds collectively as nonmajor governmental funds. The remaining statement, the statement of fiduciary net assets, presents financial information about activities for which the School District acts solely as an agent for the benefit of students and parents.

District-wide Financial Statements

One of the most important questions asked about the School District is, "As a whole, what is the School District's financial condition as result of the year's activities?" The Statement of Net Assets and the Statement of Activities, which appear first in the basic financial statements, report information on the School District as a whole and its activities in a way that helps you answer this question. These statements are prepared to include all assets and liabilities, using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the School District's net assets - the difference between assets and liabilities, as reported in the Statement of Net Assets - as one way to measure the School District's financial health or financial position. Over time, increases or decreases in the School District's net assets - as reported in the Statement of Activities - are indicators of whether its financial health is improving or deteriorating. The relationship between revenues and expenses is the School District's operating results. However, the School District's goal is to provide services to our students, not generate profits as commercial entities do. One must consider many other non-financial factors, such as the quality of the education provided and the safety of the schools, to assess the overall health of the School District.

The Statement of Net Assets and Statement of Activities report the governmental activities for the School District, which encompass all of the School District's services, including instruction, supporting services, community services, athletics, child care, recreation and food services. Property taxes, unrestricted State Aid (foundation allowance revenue), and State and federal grants finance most of these activities.

The district-wide financial statements are full accrual basis statements. They report all the District's assets and liabilities, both short and long-term, regardless if they are "currently available" or not. For example, assets that are restricted for use in the Debt Service Funds solely for the payment of long-term principal or interest are grouped with unrestricted assets of the General Fund. Capital assets and long-term obligations of the District are reported in the Statement of Net Assets of the district-wide financial statements.

Fund Financial Statements

The fund level financial statements are reported on the modified accrual basis. Only those assets that are "measurable" and "available" are reported. Liabilities are recognized to the extent that they are normally expected to be paid with current financial resources.

The fund statements are formatted to comply with the legal requirements of the Michigan Department of Education's "Accounting Manual." In the State of Michigan, the District's major instructional and instructional support activities are reported in the General Fund. Additional activities are reported in their relevant funds including: Debt Service Funds and the Special Revenue (School Service) Funds which are comprised of: Food Service, Athletics, Community Service, and Red Cedar Recreation Association (RCRA).

In the fund financial statements, purchased capital assets are reported as expenditures in the year of acquisition. No capital assets are reported. The issuance of debt is recorded as a financial resource. The current year's payments of principal and interest on long-term obligations are recorded as expenditures. Future year's debt obligations are not recorded.

Summary of Net Assets:

The following summarizes the net assets as of June 30, 2006 and 2005

Condensed Statement of Net Assets
as of June 30, 2006 and 2005

	Governmental Activities 2006	Governmental Activities 2005
Assets		
Current and Other Assets	\$ 27,122,113	\$ 26,622,260
Capital Assets	<u>32,011,792</u>	<u>28,857,405</u>
Total Assets	59,133,905	56,479,665
Liabilities		
Current Liabilities	7,710,112	4,447,195
Noncurrent Liabilities	<u>54,460,640</u>	<u>54,671,260</u>
Total Liabilities	62,170,752	55,118,455
Net Assets		
Invested in capital assets, net of related debt	(3,981,057)	(3,885,644)
Restricted	19,961,580	23,361,606
Unrestricted	<u>(19,017,370)</u>	<u>(22,114,752)</u>
Total Net Assets	<u>\$(3,036,847)</u>	<u>\$(2,638,790)</u>

Analysis of Financial Position:

As detailed above, the District shows a negative total net asset value of (\$3,036,847) for the fiscal year ended June 30, 2006. Negative total net asset valuation is not unexpected for a district with Williamston's characteristics, and can be explained by several factors:

- Over the past 10 years, significant enrollment growth has pressured facilities to their capacity limits.
- Major construction projects became necessary to expand facilities to meet the needs of the increased number of students. A new facility and major modifications to other facilities began in 1996 and continues through the current fiscal year.
- Significant debt, (\$27.5 million) was incurred by the District in 1996 to pay for the facility modification projects.
- Significant debt, (\$23.735 million) was incurred by the District in 2005 to pay for the facility modification projects.

Should property tax valuations in the District maintain their historical growth rates, and the District repays its existing debt obligations, negative asset valuations are expected to reach positive valuations.

Results of Operations:

For the fiscal year ended June 30, 2006 and 2005, the district-wide results of operations were:

**Condensed Statement of Activities
Year Ended June 30, 2006 and 2005**

	Governmental Activities 2006	Governmental Activities 2005
Revenues:		
Program Revenues		
Charges for Service	\$ 1,543,924	\$ 1,499,395

Food service	473,333	474,626
Athletics	346,746	359,375
Payments to other districts	214,527	214,973
Interest on long-term debt	2,664,984	1,892,208
Unallocated depreciation	<u>1,084,782</u>	<u>980,254</u>
Total Expenses	<u>21,383,961</u>	<u>20,006,311</u>
Increase (Decrease) in Net Assets	<u>\$ (398,057)</u>	<u>\$ 740,990</u>

Analysis of Results of Operations:

During fiscal year ended June 30, 2006, the District's net assets decreased by \$398,057. Several factors which helped cause the reduction are discussed in the following sections.

A. Governmental Fund Operating Results

The District's expenditures and other adjustments from governmental fund operations exceeded revenues by \$296,119 for the fiscal year ended June 30, 2006. Further discussion of the District's operating results is available in the section entitled "Results of 2005-2006 Operations" located on the following page.

B. Long-Term Debt Activities

The District reduced its long-term debt obligation during 2005-2006 by making principal payments amounting to \$1,752,939. Additional debt in the form of principal \$1,255,000 and interest accrued costs \$382,359 on outstanding debt was incurred by the District during the fiscal year through the State of Michigan School Bond Loan Fund. Also, compensated absences increased by a net amount of \$49,320. As a result of these activities, net district long-term debt liabilities decreased by \$100,906.

Results of 2005-2006 Operations

During fiscal year ended June 30, 2006, the District net assets decreased by \$398,057. A few additional significant factors affecting net assets during the year are discussed below:

A. General Fund Operations

The General Fund is the main fund for the District and includes all the cost related to educating the students of the Williamston Community Schools such as: Salaries and benefits for Teachers, Classroom Aides, Administrators, Secretaries, Custodians, Maintenance staff, Noon Aides, Librarians, Counselors, Bus Drivers and other miscellaneous positions; teaching supplies, employee training, utilities, building maintenance supplies and other.

The District's expenses from General Fund operations exceeded revenues by \$296,119 for the fiscal year ended June 30, 2006. The General Fund as of June 30, 2006, has a fund balance of \$1,552,677 or 9.6% of expenditure for 2005-2006 fiscal year. The School District made budget reductions in certain areas for the 2005-2006 fiscal year and most likely will have to continue these reductions for 2006-07 unless funding from the State of Michigan improves.

B. Debt Service Fund Operations

The Debt Service Funds consist of five (5) separate debt funds as follows: 1996 Debt, 2001 Debt, 2002 Debt, 2005 Debt and Durant Debt. The Debt Service Funds are set up to collect taxes and pay annual debt payments. At June 30, 2006, the Debt Service Funds had \$141,757 in fund equity available for future bond payments.

The School District levies taxes to make debt payment obligations. If taxes levied are not sufficient the School District will borrow funds from the Michigan School Bond Loan Fund. Any funds borrowed from the Michigan School Bond Loan Fund will be paid back toward the end of the bond obligations. In the fiscal year ended June 30, 2006, the School District borrowed \$1,637,259 principal and interest and the School District has a total obligation of \$10,365,213 to pay back to the Michigan School Bond Loan Fund including interest.

Williamston Community Schools

Administration's Discussion and Analysis For Fiscal Year Ended June 30, 2006

The District made principal payments on bonded, long-term debt obligations that reduced the amount of the District's long-term liabilities as follows:

	Principal Balance June 30, 2005	Principal Payments	Principal Balance June 30, 2006
1996 bonds	\$ 15,250,000	\$ 900,000	\$ 14,350,000
2001 refinancing bonds	6,670,000	45,000	6,625,000
2002 refinancing bonds	790,000	790,000	-0-
2005 bonds	<u>23,735,000</u>	<u>-</u>	<u>23,735,000</u>
Total long-term bond obligations	<u>\$ 46,445,000</u>	<u>\$ 1,735,000</u>	<u>\$ 44,710,000</u>

The District also had \$84,650 outstanding on the Durant resolution bonds and \$391,476 outstanding in compensated absences and \$794,566 in unamortized bond items at June 30, 2006. See Note D for significant details related to long-term debt.

C. School Service Funds

The Williamston Community Schools also has school service funds that include the following: Food Service Fund, Athletic Fund, Community Service Fund, and the Red Cedar Recreation Association Fund.

The Food Service Fund is a fund that reports the food service program. In 2005-2006 the Food Service Fund had revenues of \$476,763 and expenditures of \$473,333 and fund balance of \$3,430. The Food Service Fund has improved in matching revenues and expenditures each year.

The Athletics Fund includes all costs for High School and Middle School athletic programs including the cost for coaches, officials, supplies, tournaments, and miscellaneous. Transportation cost is accounted for in the General Fund. In 2005-2006 the Athletics Fund had revenues and expenditures of \$346,746. The Athletics Fund must be a balanced budget and the District contributed \$189,893 from the General Fund to balance the fund. The Athletics Fund generated \$156,853 in revenue from gate receipts, passes, fees, donations, and other miscellaneous items. The Athletics Fund had a fund balance of \$2,368.

The Community Service Fund includes childcare, pre-school, infant care, summer childcare programs, enrichment programs, senior center, and the community pool. In 2005-2006 the Community Service Fund had revenues and expenditures of \$917,692. The Community Service Fund must be a balanced budget and the District contributed \$200,781 (Community Service \$18,129 and Community Pool \$182,652) from the General Fund to balance the fund.

The Red Cedar Recreation Association Fund (RCRA) includes all recreation activities such as baseball, softball, soccer, volleyball, football, gymnastics, and others. RCRA is a self-supporting program and is not subsidized by the District. In 2005-2006 RCRA had revenues of \$157,561 and expenses of \$160,327 and fund balance of \$555.

D. Net Investment in Capital Assets

The District's net investment in capital assets increased by \$3,154,386 during the fiscal year. This can be summarized as follows:

	Balance June 30, 2005	Net Change	Balance June 30, 2006
Capital assets	\$ 42,012,421	\$ 4,018,591	\$ 46,031,012
Less: accumulated depreciation	(13,155,016)	(864,204)	(14,019,220)
Net investment in capital outlay	<u>\$ 28,857,405</u>	<u>\$ 3,154,387</u>	<u>\$ 32,011,792</u>

In 2005, Williamston Community Schools' voters approved a \$23,735,000 general obligation bond. The proceeds were used for the purpose of constructing, furnishing, and equipping additions to the high school and to Explorer Elementary School; remodeling existing school district buildings and equipping, furnishing, re-equipping and re-furnishing existing school district buildings; acquiring and installing technology equipment in and connecting schools district buildings; constructing additional parking for the existing transportation facility and purchasing school buses; acquiring land for new sites and improving and developing new and existing sites for school facilities; and improving and equipping existing outdoor athletic facilities and fields, structures and playgrounds, constructing additional parking and constructing and equipping new facilities for locker rooms, rest rooms and storage.

In 1996, Williamston Community Schools' voters approved a \$27,535,000 general obligation bond issue. The proceeds from that bond issue were used for constructing new facilities and additions and partial remodeling of existing school facilities, and equipping and re-equipping facilities. This capital project was completed in the fiscal year ended June 30, 2001. Prior to 1996, the District's most recent bond issue had been in 1988. For additional information on Capital Assets see Note C: Capital Assets.

State of Michigan Unrestricted Aid (Net State Foundation Grant)

The State of Michigan aid, unrestricted, is determined with the following variables:

- a. State of Michigan State Aid Act per student foundation allowance
- b. Student Enrollment - Blended at 75 percent of prior year's fall count and 25 percent of prior year's winter count
- c. The District's non-homestead

Per Student, Foundation Allowance:

Annually, the State of Michigan establishes the per student foundation allowance. The Williamston Community Schools foundation allowance was \$6,919 per student for the 2005-2006 school year. The foundation per student was increased by \$175 (2.59%) from the previous year's allowance of \$6,744 per student. This was the first increase since the 2002-2003 school year.

Student Enrollment:

The District's student enrollment for the fall count of 2005-2006 was 1,989 students. The District's enrollment decreased from the prior school year's student count. The following summarizes fall student enrollments in the past five years:

	<u>Student FTE</u>	<u>FTE Change from Prior Year</u>
2005-2006	1,989	(45)
2004-2005	2,034	(51)
2003-2004	2,085	31
2002-2003	2,053	52
2001-2002	2,001	19

Subsequent to year end June 30, 2006, preliminary student enrollments for 2006-2007 indicate that enrollments may decrease by about 10 students from 2005-2006.

Property Taxes levied for General Operations (General Fund Non-Homestead Taxes)

The District levies 18 mills of property taxes for operations (General Fund) on Non-Homestead properties. Under Michigan law, the taxable levy is based on the taxable valuation of properties. Annually, the taxable valuation increase in property values is capped at the rate of the prior year's CPI increase or five (5) percent, whichever is less. At the time of sale, a property's taxable valuation is readjusted to the State Equalized Value, which is, theoretically, 50 percent of the market value. The District's non-homestead property tax revenue for 2005-2006 fiscal year was \$1,395,243. The non-homestead tax levy increased by 7.81% over the prior year.

The following summarizes the District's non-homestead levy the past five years:

<u>Fiscal Year</u>	<u>Non-Homestead Tax Levy</u>	<u>% Increase From Prior Year</u>
2005-2006	\$ 1,395,243	7.81 %
2004-2005	1,294,172	11.01 %
2003-2004	1,165,805	2.38 %
2002-2003	1,138,753	10.66 %
2001-2002	1,029,102	14.59 %

Average Increase Last Five Years: 9.29%

Debt Fund Property Taxes

The District's debt fund levy, which is used to pay the principal and interest on bond obligations, is based on the taxable valuation of all properties: homestead and non-homestead.

For 2005-2006 the District's debt millage levy was 7.3 mills that generated revenue of \$2,802,520.

Affect of the City of Williamston's Tax Increment Financing Authority

The City of Williamston Tax Increment Financing Authority (TIFA) captures taxes due to the Williamston Community Schools to fund various city projects. The amount of taxes captured by the TIFA is reimbursed to the schools from State of Michigan through the funding formula.

GENERAL FUND BUDGET & ACTUAL REVENUES & EXPENDITURES

Listed below is an analysis of the original budgets and final budgets to the final actuals.

General Fund Expenditures and Other Uses Budget vs. Actual 5-Year History

<u>Fiscal Year</u>	<u>Original Budget</u>	<u>Final Budget</u>	<u>Actual</u>	<u>Variances</u>	
				<u>Actual & Original Budget</u>	<u>Actual & Final Budget</u>
2001-2002	15,017,590	15,127,291	14,641,263	2.51%	3.21%
2002-2003	15,765,173	16,080,873	15,515,375	1.58%	3.52%
2003-2004	16,151,941	16,241,901	15,812,494	2.10%	2.64%
2004-2005	15,937,183	16,219,499	15,680,667	1.61%	3.32%
2005-2006	16,313,974	16,579,343	16,181,939	.81%	2.40%
Five Year Average Under Budget				1.72%	3.02%

Williamston Community Schools

Administration's Discussion and Analysis For Fiscal Year Ended June 30, 2006

General Fund Revenues and Other Sources, Budget vs. Actual 5-Year History

<u>Fiscal Year</u>	<u>Original Budget</u>	<u>Final Budget</u>	<u>Actual</u>	<u>Variances</u>	
				<u>Actual & Original Budget</u>	<u>Actual & Final Budget</u>
2001-2002	14,405,869	14,568,380	14,706,873	2.09%	0.95%
2002-2003	15,346,581	15,599,126	15,394,915	0.31%	(1.31%)
2003-2004	15,594,746	15,667,712	15,722,108	0.82%	0.35%
2004-2005	15,691,067	16,222,388	16,277,380	3.74%	0.34%
2005-2006	15,487,143	15,947,629	15,885,820	2.57%	(0.39%)
Five Year Average Over (Under) Budget				1.91%	(0.12%)

Original vs. Final Budget:

The Uniform Budget Act of the State of Michigan requires that the Board of Education approve the original budget for the upcoming year prior to July 1, the start of the fiscal year.

As a matter of practice, Williamston Community Schools amends its budget periodically during the school year. The June 2006 budget amendment was the final budget for the fiscal year.

Revenue Change from Original to Final Budget:

		<u>Percent</u>
Total Revenues Original Budget	\$ 15,487,143	100.00
Total Revenues Final Budget	<u>15,947,629</u>	<u>102.97</u>
Increase in Budget Revenues	<u>\$ 460,486</u>	<u>2.97</u>

The District's final actual general fund revenues differed from the final budget by \$61,809, a negative variance of 0.39% from the final budget.

The Final revenue budget reflects some of the following significant changes from the Original Budget.

- State aid was increased by \$135,641, due to additional funding from the State of Michigan.
- Increase of \$240,000 in Special Education funding from Ingham Intermediate School District.
- Interest revenue increases by \$63,000 due to interest rates higher for investments.
- Grants of \$121,000 added after the original budget was adopted in June.

General Fund Expenditures:

The District's budget for expenditures changed as follows during the year:

		<u>Percent</u>
Total Expenditures Original Budget	\$ 16,313,974	100.00
Total Expenditures Final Budget	<u>16,579,343</u>	<u>101.63</u>
Increase in Budget Expenditures	<u>\$ 265,369</u>	<u>1.63</u>

The District's actual expenditures were less than final budget by \$397,404; a positive variance of 2.40% from the final budget.

Some of the significant changes in expenditure budgets for the year include:

- Substitute teacher costs increased by \$94,000 due to several long-term illnesses.
- Grants of \$121,000 added after the original budget was adopted in June.

Economic Factors and Next Year's Budgets and Rates

Our elected officials and administration considered many factors when setting the School District's 2007 fiscal year budget. One of the most important factors affecting the budget is our student count. The State foundation revenue is determined by multiplying the blended student count by the foundation allowance per pupil. The blended count for the 2007 fiscal year is 25 and 75 percent of the February 2006 and September 2006 student counts, respectively. The 2007 fiscal year budget was adopted in June 2006, based on an estimate of students that will be enrolled in September 2006. Approximately 80 percent to 85 percent of total General Fund revenues are from the foundation allowance. Under State law, the School District cannot access additional property tax revenue for general operations. As a result, district funding is heavily dependent on the State's ability to fund local school operations. Based on early enrollment data at the start of the 2006-2007 school year, we anticipate that the fall student count will be close to the estimates used in creating the 2007 fiscal year budget. Once the final student count and related per pupil funding is validated, State law requires the School District to amend the budget if actual district resources are not sufficient to fund original appropriations.

Since the School District's revenue is heavily dependent on State Funding and the status of the State's School Aid Fund, the actual revenue received depends on the State's ability to collect revenues to fund its appropriation to school districts.

Contacting the District's Financial Management

This financial report is designed to provide our citizens and taxpayers with a general overview of the District's finances. If you have questions about this report or need additional information, contact the Business Office, Williamston Community Schools, 418 Highland Street, Williamston, Michigan 48895.

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO
THE STATEMENT OF NET ASSETS

June 30, 2006

Total fund balance - governmental funds \$ 21,662,367

Amounts reported for the governmental activities in the statement of net assets are different because:

Capital assets used in governmental activities are not financial resources
and therefore are not reported as assets in the governmental funds.

The cost of capital assets is	\$ 46,031,012	
Accumulated depreciation is	<u>(14,019,220)</u>	32,011,792

Long-term liabilities are not due and payable in the current period
and therefore are not reported as liabilities in the funds.

Long-term liabilities at year-end consist of:

Long-term debt payable	(55,954,429)	
Accrued interest payable	(365,101)	
Accrued vacation pay	(44,597)	
Accrued sick pay	<u>(346,879)</u>	<u>(56,711,006)</u>

Net assets of governmental activities \$ (3,036,847)

See accompanying notes to financial statements.

RECONCILIATION OF THE CHANGE IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES

June 30, 2006

Net change in fund balances - total governmental funds \$ (3,738,812)

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays are reported as expenditures in governmental funds. However, in the statement of activities, the cost of capital assets is allocated over their estimated useful lives as depreciation expense. In the current period, these amounts are:

Capital outlay	\$ 4,239,169	
Depreciation expense	<u>(1,084,782)</u>	
Excess of depreciation expense over capital outlay		3,154,387

Repayment of long-term debt and borrowing of long-term debt is reported as expenditures and other financing sources in governmental funds, but the repayment reduces long-term liabilities and the borrowings increase long-term liabilities in the statement of net assets. In the current year, these amounts consist of:

Debt principal retirement	1,752,939	
Bond and loan proceeds	(1,255,000)	
Amortization of bond premium	34,546	
Bond proceeds (accrued SBLF interest)	<u>(382,259)</u>	
Excess of principal retirement over bond proceeds		150,226

Some items reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. These activities consist of:

(Increase) in accrued vacation pay	(9,465)	
(Increase) in accrued sick pay	(39,855)	
Decrease in accrued interest payable	<u>85,462</u>	
		<u>36,142</u>

Change in net assets of governmental activities \$ (398,057)

See accompanying notes to financial statements.

NOTES TO FINANCIAL STATEMENTS

June 30, 2006

NOTE A: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Williamston Community Schools have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The District's more significant accounting policies are described below.

1. Reporting Entity

As required by accounting principles generally accepted in the United States of America; GASB Statement No. 14, *The Financial Reporting Entity*; and *Statement on Michigan Governmental Accounting and Auditing No. 5*, these financial statements present the financial activities of Williamston Community Schools (primary government). The District has no activities that would be classified as component units.

As of July 1, 1997, the activities of the Red Cedar Recreation Association were taken over by the District upon dissolution of the nonprofit organization. The operations of the Association are reported in a Special Revenue Fund identified as the RCRA Service Fund.

2. Basis of Presentation

DISTRICT-WIDE FINANCIAL STATEMENTS

The statement of net assets and the statement of activities (the district-wide statements) present information for the district as a whole. All non-fiduciary activities of the primary government are included (i.e., fiduciary fund activities are not included in the district-wide statements). Interfund activity has been eliminated in the preparation of the district-wide financial statements.

The district-wide and fiduciary fund financial statements are presented using the economic resources measurement focus, similar to that used by business enterprises or not-for-profit organizations. Because another measurement focus is used in the governmental fund financial statements, reconciliations are provided that explain the differences in detail.

The statement of activities presents the direct functional expenses of the District and the program revenues that support them. Direct expenses are specifically associated with a service, program, or department and are therefore clearly identifiable to a particular function. Program revenues are associated with specific functions and include charges to recipients of goods or services and grants and contributions that are restricted to meeting the operational or capital requirements of that function. Revenues that are not required to be presented as program revenues are general revenues. This includes all taxes, interest, and unrestricted State aid payments, and other general revenues and shows how governmental functions are either self-financing or supported by the general revenues of the District.

FUND FINANCIAL STATEMENTS

The governmental fund financial statements present the District's individual major funds and aggregated non-major funds. A separate column is shown for the major fund on the balance sheet and statement of revenues, expenditures, and changes in fund balances. Non-major funds are combined and shown in a single column.

All governmental funds are presented using the current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

NOTES TO FINANCIAL STATEMENTS

June 30, 2006

NOTE A: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

2. Basis of Presentation - continued

The major funds of the District are:

- a. General Fund - The General Fund is used to account for the general operations of the District pertaining to education and those operations not accounted for in other funds.
- b. 2005 Bond Project Fund - The 2005 Bond Project Fund is used to account for money or other resources provided to the District for the purpose of constructing, furnishing, and equipping additions to the high school and to Explorer Elementary School; remodeling existing school district buildings and equipping, furnishing, re-equipping and re-furnishing existing school district buildings; acquiring and installing technology equipment in and connecting schools district buildings; constructing additional parking for the existing transportation facility and purchasing school buses; acquiring land for new sites and improving and developing new and existing sites for school facilities; and improving and equipping existing outdoor athletic facilities and fields, structures and playgrounds, constructing additional parking and constructing and equipping new facilities for locker rooms, rest rooms and storage.

3. Basis of Accounting

Basis of accounting refers to the timing under which transactions are recognized for financial reporting purposes. Governmental fund financial statements use the modified accrual basis of accounting. The district-wide and fiduciary fund financial statements are prepared using the accrual basis of accounting.

Under the accrual basis of accounting, revenue is recorded in the period in which it is earned and expenses are recorded when incurred, regardless of the timing of related cash flows. Property tax revenue is recognized in the fiscal year for which it is levied. Revenues for grants, entitlements, and donations are recognized when all eligibility requirements imposed by the provider have been met. Deferred revenue is recorded when resources are received by the District before it has legal claim to them, such as when grant monies are received prior to the incurrence of qualified expenditures.

Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Revenues susceptible to accrual include property taxes, state and federal aid, and interest revenue. Other revenues are not susceptible to accrual because generally they are not measurable until received in cash. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt which are recorded when due.

The District reports deferred revenue on its governmental funds balance sheet. Deferred revenues arise when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Resources are considered available if they are collected during the current fiscal year or soon enough afterward to be used in payment of current year liabilities - defined as expected to be received within sixty days of year-end. Deferred revenues also arise when the District receives resources before it has a legal claim to them. In subsequent periods, when both revenue recognition criteria are met, the liability for deferred revenue is removed from the balance sheet and revenue is recognized.

4. Budgets and Budgetary Accounting

Budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America. Annual appropriated budgets are adopted for all required governmental fund types.

The District does not maintain a formalized encumbrance accounting system. All annual appropriations lapse at fiscal year end.

NOTES TO FINANCIAL STATEMENTS

June 30, 2006

NOTE A: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

4. Budgets and Budgetary Accounting - continued

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- a. The Assistant Superintendent submits to the School Board a proposed operating budget for the fiscal year commencing on July 1. The operating budget includes proposed expenditures and the means of financing them.
- b. Public hearings are conducted to obtain taxpayer comments.
- c. Prior to July 1, the budget is legally adopted by School Board resolution pursuant to the Uniform Budgeting and Accounting Act (P.A. 621 of 1978). The Act requires that the budget be amended prior to the end of the fiscal year when necessary to adjust appropriations if it appears that revenues and other financing sources will not be in excess of original estimates. Expenditures shall not be made or incurred in excess of the amount appropriated unless authorized in the budget.
- d. The budgets are legally adopted at the functional level; however, they are maintained at the object level for control purposes.
- e. Formal budgetary integration is employed as a management control device during the year for the General, Special Revenue, and Debt Service Funds.
- f. The budget, as presented, has been amended in a legally permissible manner. Supplemental appropriations were made during the year, with the last one approved June 20, 2006.

5. Cash, Cash Equivalents, and Investments

Cash and cash equivalents consist of checking, savings, money market accounts, and pooled investment funds. Cash equivalents are recorded at cost, which approximates market value.

Investments consist of certificates of deposit and U.S. governmental agency securities with an original maturity of greater than 90 days. Investments are recorded at market value.

6. Short-Term Interfund Receivables/Payables

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due from other funds" and "due to other funds" on the governmental funds balance sheet.

7. Due From Other Governmental Units

Due from other governmental units consists of various amounts owed to the District for grant programs and State Aid payments. The State of Michigan's funding stream of State Aid payments results in the final two (2) payments for the fiscal year ended June 30, 2006, to be paid in July and August 2006. The total amount of \$2,395,996 due from other governmental units consists of State Aid and grant and local programs.

8. Inventories

Inventories are stated at cost on a first in/first out basis. Inventories consist of food and paper goods. Reported inventories are equally offset by a fund balance reserve in the fund financial statements which indicates that they do not constitute "available spendable resources" even though they are a component of net current assets.

NOTES TO FINANCIAL STATEMENTS

June 30, 2006

NOTE A: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED**9. Capital Assets**

Capital assets include land, buildings, equipment, and vehicles and are recorded (net of accumulated depreciation, if applicable) in the district-wide financial statements. Capital assets are those with an initial individual cost of \$5,000 or more with estimated useful lives of more than one year. Capital assets are not recorded in the governmental funds. Instead, capital acquisition and construction are reflected as expenditures in governmental funds, and the related assets are reported in the district-wide financial statements. All purchased capital assets are valued at cost where historical records are available and at an estimated historical cost where no historical records exist. Donated capital assets are valued at their estimated fair market value on the date received.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Depreciation is computed using the straight-line method over the following useful lives:

Buildings and additions	50 years
Equipment and furniture	5 - 20 years
Vehicles	8 years

The District has no assets that would be classified as infrastructure assets.

10. Compensated Absences

Based on the requirements of GASB Statement No. 16, *Accounting for Compensated Absences*, the District has recorded all liabilities associated with compensated absences. Accumulated vested sick and vacation leave amounts and nonvested sick, and vacation leave amounts that are probable to vest and be paid at termination are considered payable from future resources and are recorded along with the related payroll taxes as a liability in the district-wide financial statements.

11. Deferred Revenues

The unexpended balance of various federal and/or state categorical and local grants is carried forward as deferred revenue until the period in which eligible expenditures are incurred. Other monies collected in advance, such as summer school, community education programs, and summer school lunch, recreational programs are also deferred.

12. Accrued Interest Payable

Accrued interest is presented for long-term obligations in the district-wide statements in two components: the portion of interest payable that is due within one year is reported as a current liability, the remaining amount that is not due within one year has been reported as a noncurrent liability. The interest payable on the Durant Resolution bonds that were due May 15, 2003 through May 15 2005 is shown as a noncurrent liability due to the State of Michigan deferring the payments during this time period until May 15, 2009.

13. Long-Term Obligations

Long-term debt is recognized as a liability in the district-wide statements when incurred. The portion of those liabilities expected to be paid within the next year is a current liability with the remaining amounts shown as long-term.

Long-term debt is recognized as a liability of a governmental fund when due or when resources have been accumulated in the Debt Service Fund for payment early in the following year. For other long-term obligations, only that portion expected to be financed from expendable available financial resources is reported as a fund liability of a governmental fund.

Williamston Community Schools

NOTES TO FINANCIAL STATEMENTS

June 30, 2006

NOTE A: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

14. Property Taxes

Property taxes levied by the District are collected by various municipalities and periodically remitted to the District. The taxes are levied as of July 1 and December 1 and are due upon receipt of the billing by the taxpayer. The actual due dates are September 14 and February 14, after which time the bills become delinquent and penalties and interest may be assessed by the collecting entity. District property tax revenues are recognized when levied to the extent that they result in current receivables (collected within sixty days after year-end).

The District levies taxes of \$18.00 per \$1,000 of taxable valuation on non-homestead property for general governmental services and \$7.30 per \$1,000 of taxable valuation on the total applicable taxable valuation of all property within the District for debt service.

15. State Foundation Revenue

Beginning with the fiscal year ended June 30, 1995, the State of Michigan adopted a foundation grant approach, which provides for a specific annual amount of revenue per student based on a statewide formula. Prior to the fiscal year ended June 30, 1995 the State utilized a district power equalizing approach. The foundation is funded from State and local sources. Revenues from State sources are primarily governed by the School Aid Act and the School Code of Michigan. The Michigan Department of Education administers the allocation of State funds to school districts based on information supplied by the districts. For the year ended June 30, 2006, the foundation allowance was based on the average of pupil membership counts taken in September of 2005 and February of 2005. The average calculation was weighted 75% for the September 2005 count and 25% for the February 2005 count.

The State portion of the foundation is provided primarily by a State education property tax millage of 6 mills and an allocated portion of State sales and other taxes. The local portion of the foundation is funded primarily by non-homestead property taxes, which may be levied at a rate of up to 18 mills. The State revenue is recognized during the foundation period (currently the fiscal year) and is funded through nine (9) payments made during the year and two (2) payments made in July and August subsequent to year-end. The local revenue is recognized as outlined above under Property Taxes.

16. State Categorical Revenue

The District also receives revenue from the State to administer certain categorical education programs. State rules require that revenue earmarked for these programs be expended for its specific purpose. Categorical funds received which are not expended by the close of the fiscal year are recorded as deferred revenue.

17. County Special Education Revenue Allocation

The millage was collected by Ingham Intermediate School District (IISD) and the payments to the District were based on the most recent IISD budget at the time of allocation of excess revenues, after all IISD costs had been reimbursed. The allocation is paid pro rata based upon the K-12 pupil enrollment, including Special Education students enrolled at IISD, of the District compared to the total County wide enrollment. The K-12 enrollment for the District is defined as the blended official count for the State foundation grant.

18. Interfund Transactions

Transactions that constitute reimbursements to a fund for expenditures initially made from it that are properly applicable to another fund are recorded as expenditures in the reimbursing fund and as reductions of expenditures in the fund that is reimbursed. Transfers of resources to other funds are recorded as operating transfers on the governmental fund financial statements. Transfers are netted as part of the reconciliation to the district-wide financial statements.

NOTES TO FINANCIAL STATEMENTS

June 30, 2006

NOTE A: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

19. Federal Programs

Federal programs are accounted for in the General Fund and specific Special Revenue Funds.

20. Comparative Data

Comparative data for the prior year has not been presented in the basic financial statements since their inclusion would make the statements unduly complex and difficult to read.

NOTE B: CASH AND CASH EQUIVALENTS

In accordance with Michigan Public Act 451 of 1976, Section 1223(1), as amended, the District is authorized to invest its surplus funds in the following types of investments:

1. Bonds, bills, or notes of the United States; obligations, the principal and interest of which are fully guaranteed by the United States; or obligations of the State.
2. Certificates of deposit issued by a state or national bank, savings accounts of a state or federal savings and loan association, or certificates of deposit or share certificates of a state or federal credit union organized and authorized to operate in this state.
3. Commercial paper rated prime at the time of purchase and maturing not more than 270 days after the date of purchase.
4. Securities issued or guaranteed by agencies or instrumentalities of the United States government.
5. United States government or federal agency obligation repurchase agreements.
6. Bankers' acceptances issued by a bank that is a member of the Federal Depositary Insurance Corporation.
7. Mutual funds composed entirely of investment vehicles that are legal for direct investment by a School District.
8. Investment pools, as authorized by the Surplus Funds Investment Pool Act, Act No. 367 of the Public Acts of 1982, being sections 129.111 to 129.118 of the Michigan Compiled Laws, composed entirely of instruments that are legal for direct investment by a School District.

Michigan Public Acts authorize school districts in Michigan to deposit in the accounts of federally insured banks, credit unions, and savings and loan associations. Deposits of the District are at federally insured banks in the State of Michigan in the name of the School District.

Federal Deposit Insurance Corporation (FDIC) regulations provide that deposits of governmental units are to be separately insured for savings deposits and demand deposits up to \$100,000 each. Furthermore, if specific deposits are regulated by statute or bond indenture, these specific deposits are to be separately insured for the amount of \$100,000. Michigan School Code Section 1223 allows that security in the form of collateral, surety bond, or another form may be taken for the deposits or investments of a school district in a bank, savings and loan association, or credit union.

Deposits

There is custodial credit risk as it related to deposits. In the case of deposits, this is the risk that in the event of a bank failure, the District's deposits may not be returned to it.

NOTES TO FINANCIAL STATEMENTS

June 30, 2006

NOTE B: CASH AND CASH EQUIVALENTS - CONTINUEDDeposits - continued

As of June 30, 2006, the carrying amount of the District's deposits was \$9,775,807 and the bank balance was \$10,248,513 of which \$529,963 was covered by Federal depository insurance. The balance of \$9,718,550 was uninsured and uncollateralized. The District had \$1,750 of cash on hand.

Interest rate risk

The District has adopted a policy that indicates how the District will minimize interest rate risk, which is the risk that the market value of securities in the portfolio will fall due to changes in market interest rates, by limiting the weighted average maturity of its investment portfolio to less than a given period of time.

Concentration of credit risk

The District has adopted a policy that indicates how the District will minimize concentration of credit risk, which is the risk of loss attributed to the magnitude of the District's investment in a single issuer, by diversifying the investment portfolio so that the impact of potential losses from any one type of security or issuer will be minimized.

Custodial credit risk

The District has adopted a policy that indicates how the District will minimize custodial credit risk. Custodial credit risk is the risk of loss due to the failure of the security issuer or backer. The Board policy limits investments to the types of securities authorized by the Board and pre-qualifying the financial institutions, broker/dealers, intermediaries and advisors with which the District will do business in accordance with the Board approved policy.

Investments

As of June 30, 2006, the carrying amounts and market values for each type of investment as reported in the cash and cash equivalents caption on the combined balance sheet are as follows:

<u>INVESTMENT TYPE</u>	<u>Carrying Amount</u>	<u>Market Value</u>	<u>Weighted Average Maturity</u>
Uncategorized pooled investment funds			
MILAF - Cash management funds	\$ 184,176	\$ 184,176	< 12 months average
MBIA - Michigan Class	1,609	1,609	29 days
LaSalle Bank - Fimm Funds			
Government portfolio	121,993	121,993	30 days
DWS Scudder Money Market	42,827	42,827	30 days
Federal Home Loan Mortgage Corp. bonds	335,160	335,160	20.7 years
Federal Home Loan Bank bonds	7,523,167	7,523,167	431 days
FNMA bonds	<u>6,456,372</u>	<u>6,456,372</u>	133 days
	<u>\$14,665,304</u>	<u>\$14,665,304</u>	

Credit risk

State law limits investments in certain types of investments to a prime or better rating issued by nationally recognized statistical rating organizations (NRSRO's). As of June 30, 2006, the District's investments in the uncategorized pooled investments were rated AAA by Standard and Poor's, except for MBIA - Michigan Class and DWS Scudder Money Market which was not rated. The Federal Home Loan Bank and FNMA securities are rated Aaa by Moody's and AAA by Standard and Poor's. The Federal Home Loan Mortgage Corp. Bonds are not rated.

Williamston Community Schools

NOTES TO FINANCIAL STATEMENTS

June 30, 2006

NOTE B: CASH AND CASH EQUIVALENTS - CONTINUED

Interest rate risk

The District has adopted a policy that indicates how the District will minimize interest rate risk, which is the risk that the market value of securities in the portfolio will fall due to changes in market interest rates, by limiting the weighted average maturity of its investment portfolio to less than a given period of time.

The following summarizes the cash, cash equivalents, and investments as of June 30, 2005:

	<u>Governmental Activities</u>	<u>Fiduciary Funds</u>	<u>Total</u>
Cash and cash equivalents	\$ 4,418,406	\$ 80,326	\$ 4,498,732
Investments	<u>19,931,255</u>	<u>12,874</u>	<u>19,944,129</u>
	<u>\$24,349,661</u>	<u>\$ 93,200</u>	<u>\$24,442,861</u>

Due to significantly higher cash flow at certain periods during the year, the amount the District held as cash, cash equivalents, and investments increased significantly. As a result, the amount of uninsured and uncollateralized cash, cash equivalents, and investments were substantially higher at these peak periods than at year-end.

NOTE C: CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2006 was as follows:

	<u>Balance July 1, 2005</u>	<u>Additions/ reclassifications</u>	<u>Deletions/ reclassifications</u>	<u>Balance June 30, 2006</u>
Capital assets not being depreciated				
Land	\$ 1,341,655	\$ -	\$ -	\$ 1,341,655
Capital assets being depreciated				
Buildings and building improvements	37,382,428	3,206,673	-	40,589,101
Vehicles and equipment	<u>3,288,338</u>	<u>1,032,496</u>	<u>(220,578)</u>	<u>4,100,256</u>
Subtotal of capital assets being depreciated	40,670,766	4,239,169	(220,578)	44,689,357
Less accumulated depreciation for:				
Buildings and building improvements	(10,982,231)	(729,715)	-	(11,711,946)
Vehicles and equipment	<u>(2,172,785)</u>	<u>(349,817)</u>	<u>215,328</u>	<u>(2,307,274)</u>
Total accumulated depreciation	<u>(13,155,016)</u>	<u>(1,079,532)</u>	<u>215,328</u>	<u>(14,019,220)</u>
Net capital assets being depreciated	<u>27,515,750</u>	<u>3,159,637</u>	<u>(5,250)</u>	<u>30,670,137</u>
Capital assets, net	<u>\$28,857,405</u>	<u>\$ 3,159,637</u>	<u>\$ (5,250)</u>	<u>\$32,011,792</u>

The current year depreciation expense of \$1,079,532 has been adjusted by \$5,250 for the disposal of capital assets during the year, in accordance with GASB Statement No. 34 implementation guide which states that immaterial losses be handled as an adjustment to the current period's depreciation expense.

Total depreciation expense of \$1,084,782 was not allocated to governmental functions. The expense appears on the statement of activities as "unallocated".

Williamston Community Schools

NOTES TO FINANCIAL STATEMENTS

June 30, 2006

NOTE D: LONG-TERM DEBT

The following is a summary of changes in long-term debt obligations of the District for the year ended June 30, 2006.

	Balance July 1, 2005	Additions	Deletions	Balance June 30, 2006	Amounts Due Within One Year
1996 Building and Site Bonds	\$15,250,000	\$ -	\$ 900,000	\$14,350,000	\$ 1,000,000
2001 Refunding Bonds	6,670,000	-	45,000	6,625,000	45,000
2002 Building and Site Bonds	790,000	-	790,000	-0-	-
2006 Building and Site Bonds	23,735,000	-	-	23,735,000	810,000
Bus Notes	11,000	-	11,000	-0-	-
Michigan School Bond Loans					
Principal and interest	8,727,954	1,637,259	-	10,365,213	-
1998 Durant Resolution Bonds	91,589	-	6,939	84,650	7,268
Unamortized bond items	829,112	-	34,546	794,566	34,546
Vacation payable	35,132	9,465	-	44,597	-
Sick payable	307,024	39,855	-	346,879	-
	<u>\$56,446,811</u>	<u>\$ 1,686,579</u>	<u>\$ 1,787,485</u>	<u>\$56,345,905</u>	<u>\$ 1,896,814</u>

Significant details regarding outstanding long-term debt (including current portions) are presented below:

General Obligation Bonds - The District has issued bonds to finance the acquisition, new construction, and remodeling of existing school facilities. The following summarizes significant details of the bonds payable outstanding at June 30, 2006:

\$6,950,000 Refunding Bonds dated October 1, 2001, due in annual installments ranging from \$40,000 to \$1,120,000 through May 1, 2015 with interest ranging from 3.50 to 4.55 percent, payable semi-annually. \$ 6,625,000

\$27,535,000 School Building and Site Bonds dated January 1, 1996, due in annual installments ranging from \$800,000 to \$1,150,000 through May 1, 2025 with interest ranging from 4.80 to 6.25 percent, payable semi-annually. 14,350,000

\$23,750,000 School Building and Site Bonds dated February 23, 2006, due in annual installments ranging from \$810,000 to \$1,000,000 through May 1, 2030 with interest ranging from 3.00 to 5.20 percent, payable semi-annually. 23,735,000

Resolution Bonds

\$143,362 1998 Durant Resolution Bonds dated November 15, 1998, due in annual installments from \$6,939 to \$33,870, with interest of 4.761353 percent, payable annually. The annual debt service payments related to these bonds is paid through an annual appropriation from the State of Michigan. 84,650

\$44,794,650

Michigan School Bond Loans

The School District borrows on various occasions from the Michigan School Bond Loan Fund. Repayment is due when the School District has funds available as determined by the State of Michigan. Interest accrues on the unpaid balance. During the year the interest rate ranged from 3.125 to 4.685 percent.

Williamston Community Schools

NOTES TO FINANCIAL STATEMENTS

June 30, 2006

NOTE D: LONG-TERM DEBT - CONTINUED

Michigan School Bond Loans - continued

The School District has borrowed \$1,255,000 in principal during this fiscal year. The balances at June 30, 2006, are as follows:

Loan balance	\$ 8,464,000
Interest balance	<u>1,901,213</u>
	<u>\$ 10,365,213</u>

Advance Refunding - Prior

On October 1, 2001 the District defeased the portion of the 1996 School Building and Site Bonds, which were due and payable May 1, 2010 through May 1, 2015. This was accomplished by establishing an irrevocable trust with an escrow agent composed of cash and U.S. government securities sufficient to meet the applicable principal and interest obligations. The District issued General Obligation 2001 Refunding Bonds in the amount of \$6,950,000 to provide resources to fund the escrow amounts and pay the costs of issuance of the refunding bonds. Accordingly, the trust account assets and liabilities for the defeased bonds are not included in the District's financial statements. At June 30, 2006 bonds due and payable May 1, 2010 through May 1, 2015 for the 1996 School Building and Site Bonds in the amount of \$6,345,000 are considered defeased.

On November 10, 1992 the District defeased the portion of the 1988 School Building and Site Bonds which are due and payable May 1, 2006 through May 1, 2014. This was accomplished by establishing an irrevocable trust with an escrow agent composed of cash and U.S. government securities sufficient to meet the applicable principal and interest obligations. The District issued General Obligation 1992 Refunding Bonds in the amount of \$5,720,000 to provide resources to fund the escrow amounts and pay the costs of issuance of the refunding bonds. Accordingly, the trust account assets and liabilities for the defeased bonds are not included in the District's financial statements. At June 30, 2006 bonds due and payable May 1, 2007 through May 1, 2014 for the 1988 School Building and Site Bonds in the amount of \$2,800,000 are considered defeased.

Sick Pay - In recognition of services to the District, a severance payment is made to eligible employees with at least ten (10) years of service according to their respective employment contracts as follows:

Under GASB Statement No. 16 requirements, the District has elected to implement the "vesting" method of calculating the sick pay liability. The amounts accumulated for all employees currently vested is calculated along with an amount for other employees who currently are not vested but are probable to vest in future years. The amounts for employees who currently are not vested are calculated taking total unused sick pay amounts at June 30, 2006 for all nonvested employees and multiplying it by a historical termination percentage. This percentage is based on an estimate of the percentage of employees who have terminated employment fully vested in the past five (5) years.

A summary of the calculated amounts of accrued severance pay and termination benefits and related payroll taxes as of June 30, 2006, which has been recorded in the District-wide financial statements, is as follows:

	<u>Vested Employees</u>	<u>Nonvested Employees</u>	<u>Total</u>
Sick pay	\$ 132,510	\$ 189,790	\$ 322,300
Payroll taxes	<u>10,137</u>	<u>14,442</u>	<u>24,579</u>
	<u>\$ 142,647</u>	<u>\$ 204,232</u>	<u>\$ 346,879</u>

Williamston Community Schools

NOTES TO FINANCIAL STATEMENTS

June 30, 2006

NOTE D: LONG-TERM DEBT - CONTINUED

Vacation Pay - In recognition of services to the District, an accumulated unused vacation days payment will be made upon termination to eligible employees according to past District practice. This payment will be paid on all unused vacation days at the employee's rate of pay at time of termination.

The vacation liability, including the related payroll taxes which have been recorded in the District-wide financial statements, is \$44,597.

The annual requirements to pay the debt principal and interest outstanding for the Long-Term Debt are as follows:

<u>Year Ending September 30,</u>	<u>Durant Resolution Bonds</u>		<u>General Obligation Bonds</u>	
	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Interest</u>
2007	\$ 7,268	\$ 2,798	\$ 1,855,000	\$ 2,119,212
2008	7,616	2,452	1,995,000	2,030,725
2009	7,979	2,089	2,025,000	1,935,038
2010	8,358	1,709	2,050,000	1,841,338
2011	8,756	1,311	2,040,000	1,768,813
2012-2015	18,781	1,352	10,495,000	7,603,184
2016-2021	-	-	10,650,000	5,100,500
2022-2026	-	-	9,600,000	2,307,500
2027-2030	-	-	4,000,000	455,000
	<u>\$ 58,758</u>	<u>\$ 11,711</u>	<u>\$ 44,710,000</u>	<u>\$ 25,161,310</u>

It is not possible to project a payment schedule for the Michigan School Bond Loans due to varying interest rates and timing of repayments. As a result, it is not included in the schedule above.

The Durant Resolution Bonds referred to above are bonds whose future debt service payments by the District are contingent on an annual State of Michigan appropriation. This is the only revenue source for making the annual debt service payments on these bonds. If the legislature of the State of Michigan fails to appropriate the funds, in any particular year, the District is under no obligation for payment of that year's debt obligation.

NOTE E: INTERFUND RECEIVABLES AND PAYABLES

The amount of interfund receivables and payables at June 30, 2006, are as follows:

Due to general fund from:	
Nonmajor governmental funds	\$ 89,038
Due from general fund to:	
Nonmajor governmental funds	<u>26,888</u>
	<u>\$ 115,926</u>

Amounts appearing as interfund payables and receivables arise from two types of transactions. One type of transaction is where a fund will pay for a good or service that at least a portion of the benefit belongs to another fund. The second type of transaction is where one fund provides a good or service to another fund. Balances at the end of the year are for transfers that have not cleared as of the balance sheet date.

Williamston Community Schools

NOTES TO FINANCIAL STATEMENTS

June 30, 2006

NOTE F: INTERFUND TRANSFERS

Permanent reallocation of resources between funds of the reporting entity is classified as interfund transfers. For the purpose of the statement of activities, all interfund transfers between individual governmental funds have been eliminated.

Transfers to nonmajor governmental funds from:

General fund

\$ 390,674

NOTE G: EMPLOYEE RETIREMENT SYSTEM

All of the District's employees, except students, are eligible to participate in the State wide Michigan Public School Employees' Retirement System (MPERS), a multiple-employer, cost-sharing, State wide public employee retirement system. The MPERS issues a publicly available financial report that includes financial statements and required supplementary information for the Plan. The report for the fiscal year-end September 30, 2005, the last year available, may be obtained by contacting the State of Michigan, Department of Management and Budget.

The payroll for employees covered by the MPERS for the year ended June 30, 2006 was \$9,932,013 of which \$8,301,122 was for members who have elected the MIP option; the District's total payroll was \$10,124,839.

Effective January 1, 1987, Act 91 of the Public Acts of 1985 established a voluntary contribution to the Member Investment Plan (MIP). Employees first hired before January 1, 1990, made a one-time irrevocable election to contribute to the tax deferred MIP. For a limited period ended January 1, 1993, an active Basic Plan member may have enrolled in MIP by repaying the contributions and interest that would have been made had MIP enrollment occurred initially prior to January 1, 1990. Employees first hired on or after January 1, 1990, will automatically be included in MIP.

Members in MIP may retire at any age after attaining thirty years of credited service, or at age sixty while still working with a minimum total of five years of credited service, with credited service in each of the five school fiscal years immediately preceding the retirement allowance effective date. The retirement allowance is calculated using a formula of 1.5% of the member's final average compensation multiplied by the total number of years of credited service.

Employees who did not elect the MIP option fall under the MPERS Basic Plan and may retire after attaining age sixty with ten or more years of credited service; or attaining age fifty-five with thirty or more years of credited service; or attaining age fifty-five while still working with at least fifteen but fewer than thirty years of credited service in each of the five school fiscal years immediately preceding the retirement allowance effective date. The retirement allowance is computed using a formula of 1.5% of the average of the highest total earnings during a period of sixty consecutive months (five years) multiplied by the total years to the nearest tenth of a year of credited service.

The MPERS also provides death and disability benefits and health and medical, dental, vision and hearing insurance coverage. Benefits are established by state statute.

Employees who selected MIP on or before December 31, 1989, contributed 4% from January 1, 1987 to December 31, 1989 and 3.9% thereafter. Employees first hired on or after January 1, 1990, are required to contribute based on a graduated rate: 3% of the first \$5,000; 3.6% of \$5,001 through \$15,000; 4.3% of all wages over \$15,000.

For the period of July 1, 2005 to September 30, 2005, the District was required by State statute to contribute 14.87% of covered compensation for all wages to the Plan. For the period of October 1, 2005 to June 30, 2006, the District is required by State statute to contribute 16.34% of covered compensation for all wages to the Plan. The total amount contributed to the Plan for the year ended June 30, 2006 and the previous two (2) years is as follows:

Williamston Community Schools

NOTES TO FINANCIAL STATEMENTS

June 30, 2006

NOTE G: EMPLOYEE RETIREMENT SYSTEM - CONTINUED

<u>June 30,</u>	<u>MIP</u> <u>Contributions</u>	<u>District</u> <u>Contributions</u>	<u>Total</u> <u>Contributions</u>
2006	\$ 320,990	\$ 1,596,847	\$ 1,917,837
2005	311,155	1,483,928	1,795,083
2004	312,683	1,319,892	1,632,575

The following represents contributions as a percentage of the applicable covered payroll for the current and preceding two (2) years:

<u>June 30,</u>	<u>MIP</u> <u>Contributions</u>	<u>District</u> <u>Contributions</u>
2006	4.0 %	16.0 %
2005	4.0	14.9
2004	4.0	12.8

NOTE H: EXCESS OF EXPENDITURES OVER APPROPRIATIONS

Michigan Public Act 621 of 1978, Section 18 and 19, as amended, provides that a local governmental unit not incur expenditures in excess of the amount appropriated.

In the body of the financial statements, the District's budgeted expenditures in the General Fund have been shown at the program level. The General Fund budget is adopted at the functional classification level.

During the year ended June 30, 2006, the District incurred expenditures in the General Fund and certain Special Revenue Funds in excess of the amounts appropriated as follows:

	<u>Amounts</u> <u>Appropriated</u>	<u>Amounts</u> <u>Expended</u>	<u>Variance</u>
General Fund			
Student Services			
Guidance services	\$ 420,710	\$ 422,443	\$ 1,733
Instructional Staff			
Supervision and direction	285,762	286,622	860
Business Services			
Internal services	160,155	162,775	2,620
Other financing uses			
Payments to other districts	127,350	214,527	87,177
Special Revenue Funds			
Red Cedar Recreation Association	155,112	160,327	5,215

NOTE I: FUND BALANCE RESERVES

Reserved fund balance is used to earmark a portion of fund balance to indicate that it is not appropriate for expenditures or has been legally segregated for a specific future use.

Williamston Community Schools

NOTES TO FINANCIAL STATEMENTS

June 30, 2006

NOTE I: FUND BALANCE RESERVES - CONTINUED

The following are the various fund balance reserves as of June 30, 2006:

General Fund	
Reserved for inventories	\$ 40,381
Reserved for prepaids	<u>42,510</u>
	82,891
Special Revenue Funds	
Food Services Fund	
Reserved for inventories	13,809
Reserved for prepaids	<u>15,000</u>
	28,809
Debt Service Fund	
Reserved for debt retirement	<u>141,757</u>
	<u>\$ 253,457</u>

NOTE J: RISK MANAGEMENT

The District participates in a pool, the MASB-SEG Property and Casualty Pool with other school districts for boiler, property, fleet, liability, in-land marine, crime, employee dishonesty, and errors and omissions. The pool is organized under Public Act 138 of 1982, as amended as a governmental group property and casualty self insurance pool. The District has no liability for additional assessments based on the claims filed against the pool nor do they have rights to dividends.

The District also participates in a pool, the SEG Self-Insured Workers' Disability Compensation Fund, with other school districts for workers' compensation losses. The pool is organized under Public Act 317 of 1969, as amended. The District has no liability for additional assessments based on the claims filed against the pool nor do they have any rights to dividends.

NOTE K: FLEXIBLE BENEFITS PLAN

In February 1992 the District implemented a flexible benefits cafeteria plan established under Section 125 of the Internal Revenue Code. The plan, available to all employees, permits them to reduce their salary and put these amounts into a flexible benefits account up to certain limits.

The plan allows the employee to reduce their salary and apply it to medical reimbursement, dependent care reimbursements, co-pay for health insurance premiums, or post-retirement group term life insurance.

A participating employee may elect instead a cash alternative to supplement salary compensation in lieu of a nontaxable health benefit. An employee's elected cash alternative will be considered a taxable benefit under the Flexible Benefit Plan.

The Plan is administered by Williamston Community Schools.

NOTES TO FINANCIAL STATEMENTS

June 30, 2006

NOTE L: SPECIAL EDUCATION UNDERFUNDING SETTLEMENT

Prior to the current year the Durant vs. State of Michigan case was settled and the State was required to reimburse each plaintiff and nonplaintiff District an agreed upon amount for past underfunding of special education. Williamston Community Schools, a nonplaintiff District, was awarded \$286,724 in the settlement. The funds are being paid as follows:

- a. One half is being paid over the next ten (10) years which began November 15, 1998. The restrictions on use of these funds are detailed within State School Aid Act, Section 11F(6). These funds are recorded within the General Fund as categorical State Aid. At the end of the current year all these funds had been expended.
- b. One-half is being paid over the next fifteen years which began May 15, 1999. The District borrowed this portion of the settlement amount through the Michigan Municipal Bond Authority on November 15, 1998. These funds were recorded as bond proceeds in the Capital Projects Fund. The bond proceeds may be used for any purpose specified in Section 1352 (a) of the Revised School Code. The debt service payments for these bonds are to be made through an annual legislative appropriation. If the State of Michigan legislature fails to make the annual appropriation the District is under no obligation for the debt payments for that year. The District has pledged the annual State payments to the Michigan Municipal Bond Authority for payment of debt service.

NOTE M: SHORT-TERM NOTES

On August 19, 2005, the District issued a short-term State School Aid Anticipation Note in the amount of \$2,000,000 for the purpose of funding operating expenditures until the 2006 State Aid payments resumed. This short-term note, which had a net outstanding balance of \$2,054,398 at June 30, 2006, is reported in the fund-level and district-wide financial statements under the caption short-term notes payable. The outstanding balance is scheduled to be paid off on August 31, 2006.

NOTE N: SUBSEQUENT EVENTS

After the year ended June 30, 2006, the following subsequent event occurred:

On August 31, 2006, the District issued a State School Aid Anticipation Note in the amount of \$2,750,000 for the purpose of funding operating expenditures until the fiscal year 2007 State Aid payments resume. This short-term note will be paid off when the District accumulates sufficient State Aid revenues.

NOTE O: RESTRICTED NET ASSETS

Restrictions of net assets shown in the District-wide financial statements indicate that restrictions imposed by the funding source or some other outside source which precludes their use for unrestricted purposes. The following is the net asset restriction as of June 30, 2006:

Governmental activities	
Restricted for bond projects	<u>\$ 19,961,580</u>

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Education
Williamston Community Schools
Williamston, Michigan

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Williamston Community Schools as of and for the year ended June 30, 2006, and have issued our report thereon dated August 31, 2006, which collectively comprise the District's basic financial statements. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Williamston Community Schools' internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Williamston Community Schools' financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the use of the administration and Board of Education of Williamston Community Schools, the Federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
